“do not sit plates” on the products!

BUILDING INSTRUCTION FURNITURE

Armchair / 2-seater / 3-seater sofa

Necessities:

- 1,2 or 3 boxes for seat (s) 60cm wide x 60cm deep x 40cm high
- 1,2 or 3 boxes for backrest (s) 60cm wide x 20cm deep x 74cm high
- 2 boxes for armrest 80cm wide x 15cm deep x 60cm high
- 1 Cover in the ordered color

Step 1

Close the required boxes separately with tape. Armchair 4 boxes, 2-seater 6 boxes, 3-seater 8 boxes.

Step 2

Group the boxes into an armchair / couch.

Step 3

Pull the fabric cover over. (Tip: The CUBIQZ label is always on the front of the right armrest.)

Optional

Use small pins in the corners of the seat to fix the fabric.

Iron the fabric cover when it has been pulled over the boxes.

Step 1

Step 2

Step 3

Cabinet / TV-cabinet

Necessities:

- 1 box 90cm wide x 50cm deep x 45cm high
- 1 printed panel Printed panel white or wood look
- 1 cross two cardboard plates slide into each other optional
- 4 plastic feet optional

Step 1

Close the box on one side. Start with the two equal flaps, then fold the small flap inwards. As the final step, close the box by using the tabs.

Step 2

Slide the two plates into a cross. Now push this cross into the opening of the box. Close the box as described in step 1.

Optional - glue the four legs in the corners.

Step 3

Rotate the box 180 degrees (Tip: press the box in the middle while turning so that the cross does not shift).

Step 4

Remove the tape from the front of the panel (A). Align well and stick it. Now remove the tape from the top of the panel (B) and stick it.

Note: with stacked products, there will only be a cross in the top box

Step 1

Step 2

Optional

Step 3

Step 4

Optional

Dinner table

Necessities:

- 1 tabletop 90cm wide x 90cm deep x 10cm high
- 2 boxes for leg 60cm wide x 20cm deep x 74cm high
- 1 cardboard plate it is already in the tabletop

Step 1

Close the boxes for the leg separately with transparent tape. Close the table top with the double-sided tape. Leave the supplied plate in the table top, this serves as reinforcement. (Tip: Place the tabletop on a flat surface while closing, so the tabletop will be straight)

Step 2

Stick the two boxes for the leg together.

Note: Use tape only on the top and bottom of the leg. Otherwise this will be visible.

Step 3

Now slide the plate with the opening over the leg.

Step 1

Step 2

Step 3

Inside the box there is a brown plate. please leave it inside, it is for extra security.
Please place the box on a flat ground while closing!

Pillar

Necessities:

- 1 box 28cm wide x 28cm deep x 80cm high
- 1 cross two cardboard plates slide into each other

Step 1

Close the box using the double-sided tape. Note the order of the flaps as indicated on the drawing.

Step 2
