

CLEVER CARDBOARD CREATIONS

### BUILD THE FREESTANDING COOKER

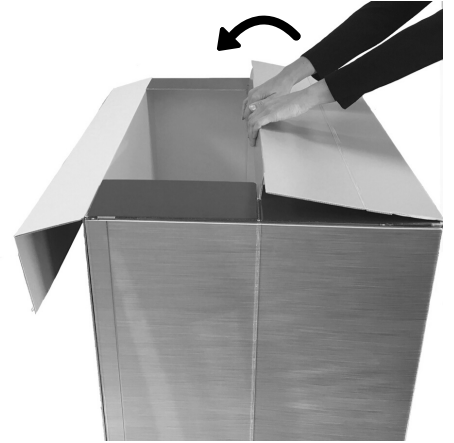

**STEP 1;** Unfold the box

**STEP 2;** fold the two short sides flaps inwards

**STEP 3;** Fold the flaps from the both long sides inwards

**STEP 4;** Close the box by inserting both flaps in the middle of the notch.

**STEP 5;** Repeat steps 2 to 4 for the bottom.

Finally place the induction cooktop on the upper side (sticking with the double-sided tape if necessary)

### BUILD THE AMERICAN FRIDGE

FOLLOW STEP 1 TO 5 ABOVE FOR 2 MODULES.

**STEP 6;** Place the 2 modules on top of each other, so that the handlebar connects

**STEP 7;** Stick (if desired) the ice dispenser on the fridge by means of the double-sided tape. Press well!
