

CLEVER CARDBOARD CREATIONS

Armchair / 2-seater / 3-seater sofa

1,2 or 3 boxes for seat(s)	60cm wide x 60cm deep x 40cm high
1,2 or 3 boxes for backrest(s)	60cm wide x 20cm deep x 74cm high
2 boxes for armrest	80cm wide x 15cm deep x 60cm high
1 Cover in the ordered colour	

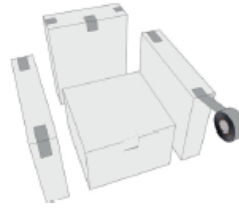

Step 1: Close the required boxes separately with tape.
 Armchair 4 boxes | 2-seater 6 boxes | 3-seater 8 boxes

Step 2: Group the boxes into an armchair / couch.

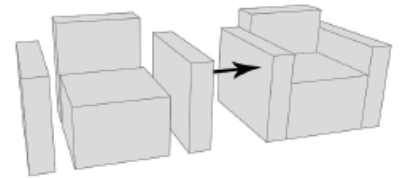

Step 3: Pull the fabric cover over.
 (Tip: The CUBIQZ label is always on the front of the right armrest.)

Optional - Use small pins in the corners of the seat to fix the fabric. Iron the fabric cover when it has been pulled over the boxes.

Step 1

Step 2

Step 3

Cabinet / TV-cabinet

1 box	90cm wide x 50cm deep x 45 cm high
1 printed panel with velcro strips	Printed panel white or wood look
1 cross	Two cardboard plates slide into each other
4 plastic feet	Optional

Step 1: Close the box on one side. Start with the two equal flaps, then fold the small flap inwards. As the final step, close the box by using the tabs.

Step 2: Slide the two plates into a cross. Now push this cross into the opening of the box. Close the box as described in step 1
Optional - glue the four legs in the corners.

Step 3: Rotate the box 180 degrees
 (Tip: press the box in the middle while turning so that the cross does not shift).

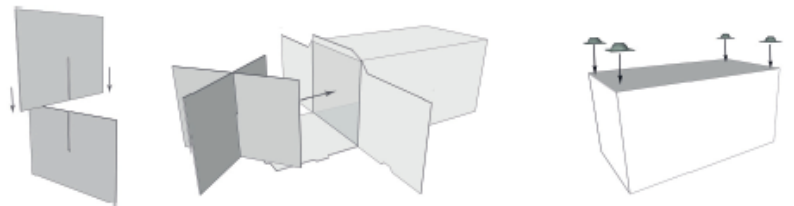

Step 4: Mount the fluffy circles (with loops) with the adhesive side at the designated positions on the panel. (see additional info sheet). Then fit the crude circles (with barbs) **ON** the fluffy circles that have already been mounted. Place the panel on the box and press the velcro firmly.

Optional: For higher cabinets, the boxes can be stacked
Note: with stacked products, there will only be a cross in the top box

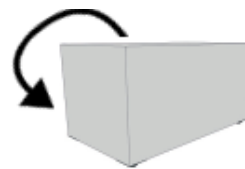

Step 1

Step 2

Step 3

Step 4

Dinner table

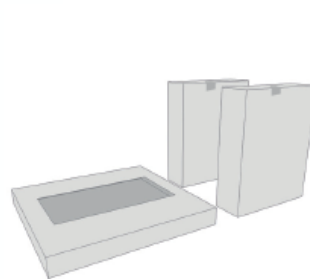

1 table top	90cm wide x 90cm deep x 10cm high
2 boxes for leg	60cm wide x 20cm deep x 74cm high
1 cardboard plate	It's already on the table top

Step 1: Close the boxes for the leg separately with transparent tape. Close the table top with the double-sided tape. Leave the supplied plate in the table top, this serves as reinforcement.
 (Tip: Place the tabletop on a flat surface while closing, so the tabletop will be straight.)

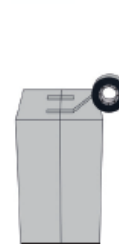

Step 2: Stick the two boxes for the leg together.
Note: Use tape only on the top and bottom of the leg. Otherwise this will be visible.

Step 3: Now slide the plate with the opening over the leg.

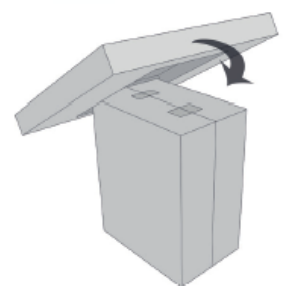

Step 1

Step 2

Step 3

Inside the box there is a brown plate. please leave it inside, it is for extra security. Please place the box on a flat ground while closing!

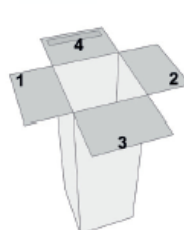

Pillar

1 box	28cm wide x 28cm deep x 80cm high
1 cross	Two cardboard plates slide into each other

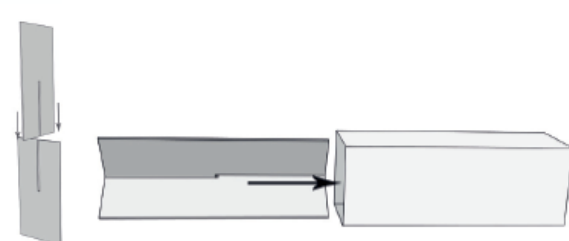

Step 1: Close the box using the double-sided tape. Note the order of the flaps as indicated on the drawing.

Step 2: slide the two plates into a cross. Push the cross into the opening of the box

Step 1

Step 2

Fireplace

Necessities for the pillar

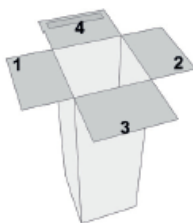

1 box	28cm wide x 28 cm deep x 80cm high
1 cross	Two cardboard plates slide into each other

Necessities for the fireplace

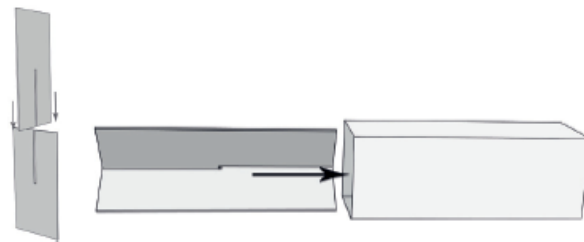

2 pillars	28cm wide x 28cm deep x 80cm high
1 upper box	116cm wide x 28cm deep x 15cm high
1 box with flame	80cm wide x 15cm deep x 60cm high

Step 1: Close the box using the double-sided tape. Note the order of the flaps as indicated on the drawing.

Step 1

Step 2

Step 2: Slide the two plates into a cross. Push this cross into the opening of the box.

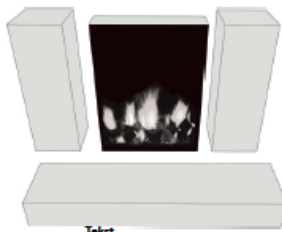

Step 3: Close the boxes separately with the double-sided tape. Close the box with flame with transparent tape.

Tip: place the upper box on a flat surface while closing.

Step 4: Group the boxes into a fire. Secure the boxes with the help of the double-sided tape

Optional - Stick the boxes at the back of the fireplace with transparent tape for extra strength.

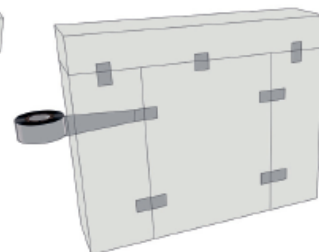

Step 3

Step 4

Optional

Coffee table / hocker

1 box	60cm wide x 60cm deep x 40cm high
1 cross	Two cardboard plates slide into each other
1 fabric cover	Optional

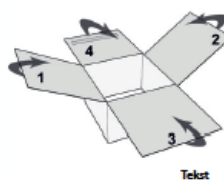

Step 1: close the box using the double-sided tape. Note the order of the flaps as indicated on the drawing.

Step 2: Slide the two plates into a cross. Push this cross into the opening of the box.

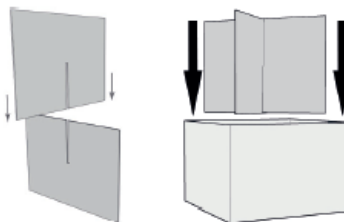

Step 3: (only for the hocker): Pull the fabric cover over.

(Tip: Align the cover with the corners and then pull down the cover evenly.)

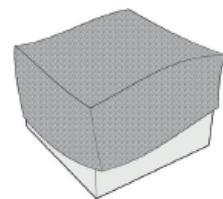

Step 1

Step 2

Optional

Side table / nightstand / hocker

1 box	45cm wide x 45cm deep x 45cm high
1 cross	Two cardboard plates slide into each other
1 fabric cover	Optional

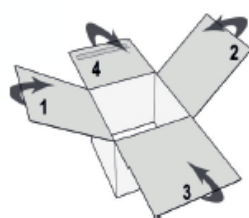

Step 1: Close the box using the double-sided tape. Note the order of the flaps as indicated on the drawing.

Step 2: Slide the two plates into a cross. Push this cross into the opening of the box.
